

The Crystal suite for managing your Workspace and applying COVID-19 health rules

The Crystal suite is a software dedicated to workspace management and digital signage, offering tools that are both simple and useful for its user. Crystal allows you to cover 100% of your building through a flexible and configurable back office. Crystal centralizes and pools information from the Workspace into every kind of digital display.

Preventing barrier actions and good practices

Distribute the templates and videos recommended by Public Health institution

Communicate directly on the PC of your employees in telework via our home office viewer

Optimize signage by adding dedicated COVID-19 distribution points (Stairs, elevators, break rooms, etc.)

Warn of new business rules to respect

Limit the capacity of meeting rooms or common spaces

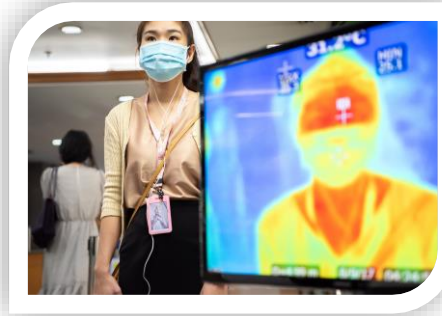

Guide and orient the employee by displaying the direction of traffic

Manage physical distance - and the presence of employees on the site

Alert on possible emergency situations

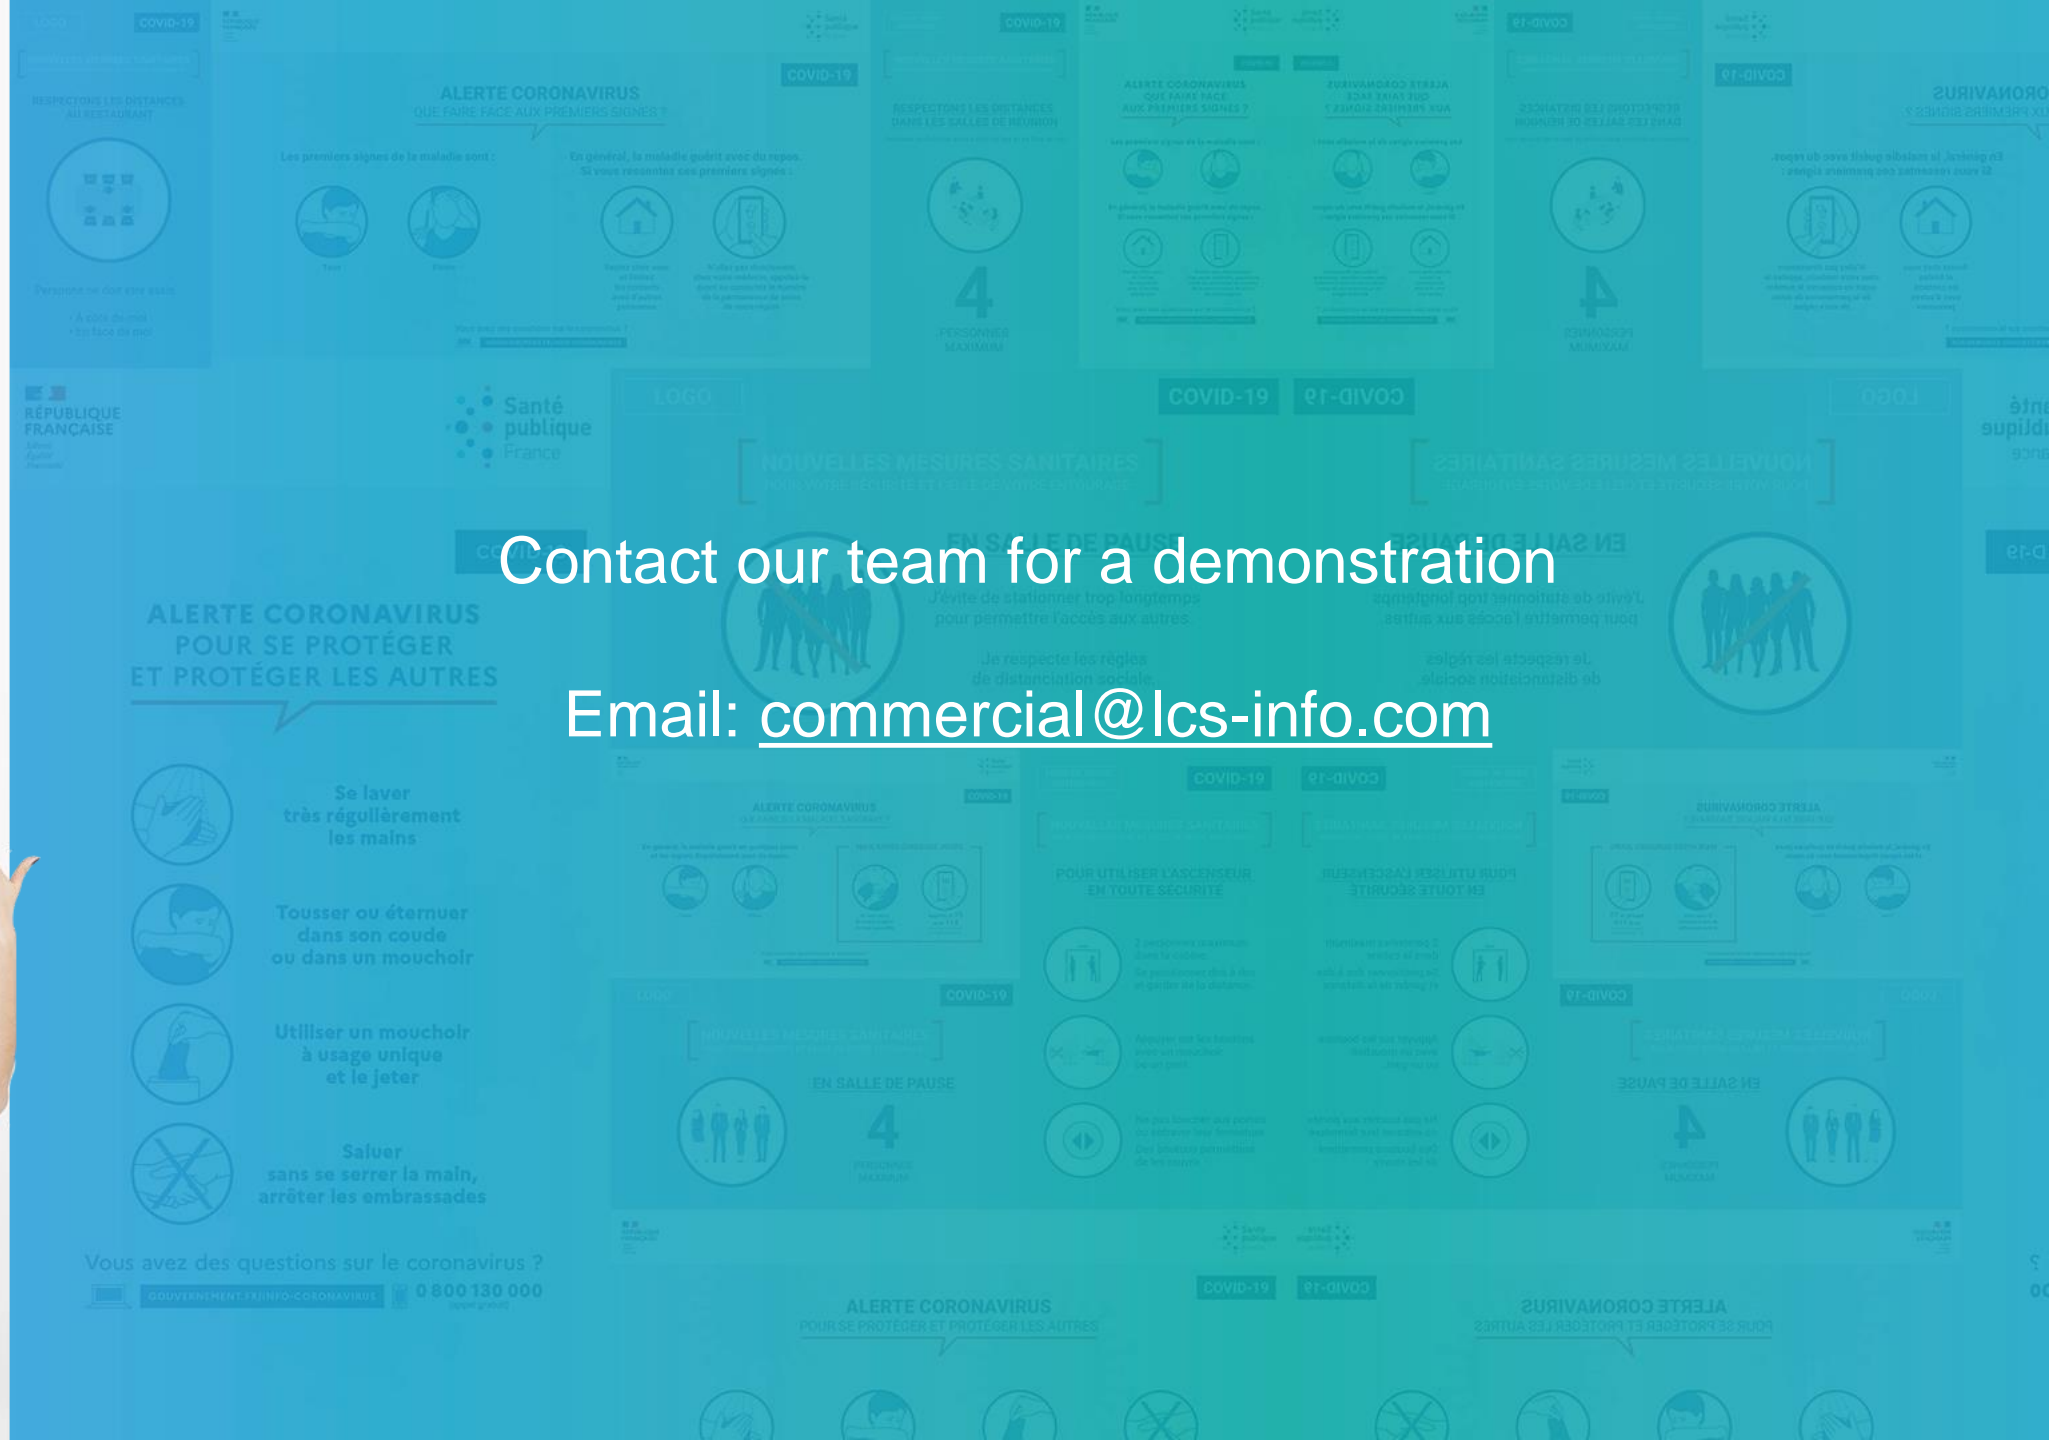

Control access to spaces after heat detection

Control access to spaces after real-time counting

Communicate an alert on all the screens of your fleet

Contact our team for a demonstration

Email: commercial@lcs-info.com
